CALEB A. JAMES

(804) 572-4466

cjames26@gmu.edu

University Address:

4343 Chesapeake River Ln.
Fairfax, VA 22030

EDUCATION

Intended B.S., Information Technology with a concentration in Cybersecurity (Current)

Volgenau School of Engineering, George Mason University, Fairfax, VA

- Weighted GPA: 3.65 (Dean's List)

CAREER-RELATED EXPERIENCE

Undergraduate Researcher – Virginia Tech

November 2024 – May 2025

- Conducted extensive research with a team on artificial intelligence, LLM models, and nationwide policies regarding its use, culminating in an AI-powered website database of national institutional AI policy and a 150+ page research paper.

National Cyber League Tournament Placement

October 2025

- Placing top 25% nationally in the NCL Fall 2025 Individual Game Standard Tournament Bracket. Competed across categories including web exploitation, cryptography, and a full score in Forensics.

Vulnerable Active Directory Lab Build

August 2026

- Personal project constructing Home-Lab environment with a domain controller and two workstations. Deliberately introduced common misconfigurations to analyze attack paths and domain compromise.

GMU Competitive Cyber Club

September 2025 – Present

- Mason Competitive Cyber Club member. Frequent competitor in CTF hacking tournaments. Attendee of technical & cybersecurity-related events.

Google Developers Group @ GMU

September 2025 – Present

- Google Developer Groups member. Participant in GMU Hackathon. Involvement in helping run GDG conferences and meetings, aimed at fostering networking and hands-on experience learning with fellow Google developers.

WORK EXPERIENCE

Undergraduate Researcher – Virginia Tech

November 2024 – May 2025

- Worked in conjunction with team at IDEEAS Labs to create AI-powered website database to format, skim, and collect data on artificial intelligence policies used in higher education across the United States, including Harvard, MIT, Princeton and +400 others.

Supervisor Ride Operations – Six Flags

February 2023 – August 2026

- Operations Supervisor for a multitude of large attractions and heavy machinery at Kings Dominion.
- Received Corporate Certified Trainer status, as well as 6 awards from the company for operational excellence and efficiency.
- Experience in managing large, diverse, and dynamic teams from all across the world.

ACTIVE CERTIFICATIONS

- AZ-900 (Microsoft Certified: Azure Fundamentals)
- SC-900 (Microsoft Security, Compliance, and Identity Fundamentals)
- Fortinet Certified Fundamentals in Cybersecurity
